A-Z Office Resource Expands with Mergers in Memphis and Huntsville

Antioch, TN: A-Z Office Resource, a leading provider of office supplies and equipment in the Southeast, is pleased to announce the acquisition of Otter's Office Supply in Memphis, TN, and Wilson's Office Supply in Huntsville, AL. The merger brings together three family-owned businesses that have been serving the office supply needs of their respective communities for many years.

"We are thrilled to join forces with Otter's and Wilsons," said Tiffany Cooper, Vice-President of Mergers and Acquisitions for A-Z Office Resource. "This merger will give us all the opportunity to provide our combined customers with a bigger selection of competitively priced products while keeping the spirit of a family business at the forefront."

"After meeting with A-Z, I knew Wilson's would be a great fit," said Richard Wilson, President of Wilson's Office Supply. "The Huntsville community has been so good to us, and this merger will let us continue to offer Wilson's customers even broader personal service."

The acquisition of Otter's Office Supply and Wilson's Office Supply represents another milestone for A-Z Office Resource. Both companies have provided outstanding service to their communities for years, and A-Z is proud to continue their legacy.

"We are proud to join the A-Z family, said David Otter, President of Otter's Office Supply. We have been serving the Mid-South area for over 50 years. A-Z's commitment to customer service aligns with our values, and we are excited that our combined resources will continue to ensure a robust independent choice for our customers."

Founded in 1989, Wilson's has served the Huntsville community, while Otter's has served the Memphis area since 1977. Staff from Otter's Office Supply will work alongside A-Z's Memphis team, while members of Wilson's staff will join the A-Z office in Huntsville.

"The life of an independent dealer now is harder than ever," said Cooper. By working together, we can help ease the day-to-day stress caused by big box competitors while continuing to do what dealers do best – personal service."
